

BIG STEPS WITH LITTLE HEARTS

KARABUCAK CHILDREN'S FESTIVAL

As part of our sustainable tourism efforts, we organized a meaningful children's festival at Karabucak Village Primary School, located 45 km from our facilities in Taşagıl district.

Throughout the day, we shared both fun and educational moments with the children. The program included:

- A brief informative session on nature and recycling,
- A picnic activity,
- Kite making and flying,
- Face painting,
- Clown performances.

In addition, a Novum Hotels Memory Corner was set up to commemorate the day.

Photos from this special event, where children gained small but meaningful insights into environmental awareness and eco-friendly living, were collected to serve both as cherished memories and as inspiration for future initiatives.
